

**West Mifflin Area
School District**

Good afternoon parents, guardians and students. This is Chad Licht with an important Covid 19 update. This call is to notify you that West Mifflin Area High School has reached our limit of positive Covid-19 cases. Unfortunately, the high school, including sports and activities, will be closed to all students effective immediately for the remainder of this week. The high school will implement remote learning and follow our current schedule posted on the high school web page. Students, make sure that you complete your attendance quiz by 9:00AM so you are marked present. All in person learning, sports and activities will resume when the high school reopens on Monday, April 12th. Please call or email the high school main office with any questions.

Thank you,

A handwritten signature in blue ink that reads "Chad Licht".

Chad Licht
